Information about us

Wealth Foundry Pty Ltd is a firm focused on providing a personalised strategic Financial and investment advice. Our open market approach means we are not limited or defined by existing legacy agreements and ownership structures, our advice is objective, and we take pride in adopting the latest proven technological developments to enhance our interaction with clients and ensure a personalised service.

We are committed to our founding values of providing independent and objective advice tailored to each individual client.

Documents you may receive from us

If we provide you with personal Financial product advice rather than general Financial product advice, we will initially provide you with a SOA. Personal Financial product advice is advice that considers one or more of your objectives, Financial situation and needs. The SOA will contain the advice, the basis on which it is given, and information about fees, commissions and any associations, which may have influenced the advice.

The PDS contains information about the product and will assist you in making an informed decision about that product.

For further advice, a ROA may be provided instead of a SOA, if there have been no significant changes in your personal circumstances or the basis of the advice has not significantly changed since.

If you choose to use our services, you may also receive from us a Product Disclosure Statement (PDS).

What we will need from you

To invest in any of our recommended Financial products, you will need to complete a fact find and a risk profile questionnaire. We expect that you will provide us with accurate information, so that we have a reasonable basis on which to provide you with advice. You have the right to withhold personal information, but this may compromise the effectiveness of the advice you receive.

We expect that you will use our advice to enable you to make informed Financial decisions.

We expect that, where appropriate, you will inform your adviser of any changes that may influence your future objectives.

As a Financial service provider, we have an obligation under the Anti-Money Laundering and Counter Terrorism Finance Act to verify your identity and the source of any funds. This means that we will ask you to present identification documents, such as passports and driver's licence. We will also retain copies of this information. We assure you that this information will be held securely. We cannot provide you with services if you are unwilling to provide this information.

Providing advice that is suitable to your investment needs and Financial circumstances

To do so we need to find out your individual investment objectives, Financial situation and needs before we recommend any investment or risk products to you. You have the right not to divulge this information to us, if you do not wish to do so. In that case, we are required to warn you about the possible consequences of us not having your full personal information. You should read the warnings carefully.

The advice provider is obligated to act in your best interest, and this requires the advice provider to collect all required information about your Financial situation and needs and objectives, make inquiries into the information provided, and investigate appropriate products and strategies that will meet your needs and objectives. From time to time, where the advice provider cannot recommend any appropriate products or where the advice provider feels your best interest will not be served by him/her, the advice provider has a right to refuse provision of advice or services.
